December 4, 2019

Quality is something that will stand the test of time, whether it be the materials used to create something or the little nuances that take an experience to the next level. We are joined today by two guests who have given the business world a fancy edge. We begin the hour with Jay Stein, CEO of the Dream Hotel Group, who explains why their lifestyle hotels create lasting memories. Every little touch is carefully thought out when it comes to the Dream Hotels decor, hospitality, restaurants, and entertainment, and the ambiance keeps guests coming back. Jay shares how he was able to take the lessons he learned from his parents and reflect it in his management training. Tune in for Jay's advice on staying calm in the heat of conflict, and how to create a company culture that will unite everyone as a team.
